

Lighthouse Therapy™

Online Therapy Services

May 11, 2020

Thank you for your interest in the Brick to Click Webinar series. Below you will find links to all the websites referenced in **From Brick to Click: Ready, Set, Click.** You will also be given access to the other YouTube videos within the series.

COVID19 has forced unprecedented changes and strains onto our educational system. We applaud your efforts and want to be there to support you in any way we can. This is a small piece of a very large puzzle.

One problem we can help with is all the compensatory therapy services that are going to be required as we go forward based on the US DOE's support of continuing to provide all services under IDEA and the offer of FAPE on students' IEPs. If you are unfamiliar with that ruling you can find the information here: [Secretary DeVos Reiterates Learning Must Continue for All Students, Declines to Seek Congressional Waivers to FAPE, LRE Requirements of IDEA](#). We understand the need is going to be huge and you may or may not have to related services staff to meet this need.

Lighthouse Therapy provides online therapy services of Speech, Occupational, and Behavioral & Mental Health Services. We use a secure HIPAA/FERPA compliant web-based platform to deliver these services. We have over 9 years of providing online therapy services to schools and have a waiting list of qualified therapists available to provide these needed services.

We can help you to provide these services during this difficult time.

The process is simple to get started.

Schedule a consultation

Get a proposal for services based on your student's needs.

Students receive online therapy services to meet their needs.

Here is the link to schedule a consultation based on your schedule: [Schedule a Consultation](#)

This will allow you to easily provide quality compensatory services required by IDEA with staff that are an expert in this area.

If you have any questions, feel free to give me a call. I look forward to speaking with you.

Now look for these attached resources promised:

- 10 ways to give students more control of their learning
- Teacher Documentation Time template - fillable
- Parents' Guide to Online Learning
- Student's Guide to Online Learning
- Teacher's Guide to Online Learning
- Internet Resources Sample
- Bonus link: [Michigan Virtual's Administrator Guide to Online Learning](#)

Also, here is the YouTube link to all 6 sessions in this series:
